How to get to the Conference at Neue Universität, University of Heidelberg

By car

Coming from the motorway A5, change to A656 direction Heidelberg at motorway junction Heidelberg;
Coming from the motorway A6, change to A656 at motorway junction Mannheim.

Leave the motorway on the right to the main station (Hauptbahnhof), pass main station heading towards Heidelberg Castle (Schloss). Keep on in the direction castle via Kurfürstenanlage, pass Römerkreis and Adenauerplatz, straight on to Friedrich-Ebert-Anlage. Go straight on into the first tunnel (Gaisbergtunnel). After the tunnel cars can be parked in one of the city's multi-storey car parks on the left, e.g. P9 (ten minutes walk from the venue), or P11 close to the venue.

Coming from the direction of Neckargemünd turn left at Karlstor into the Schloßbergtunnel and follow the direction city centre/castle (Zentrum/Schloss). At the end of the tunnel turn right into Grabengasse, where cars can be parked in the University multi-storey car park P11 close to the venue, or continue straight onto multi-storey car park P9 (ten minutes walk from the venue)

We would advise you to avoid coming by car. Parking space in the centre of Heidelberg is always scarce and expensive.
